December					

NARR (2,F,17.c.)

- Regular, documented inspections of smoke detectors, carbon monoxide detectors and fire extinguishers
- Test smoke detectors. Functional smoke detectors in all bedroom spaces and elsewhere as code demands.
- Test carbon monoxide detectors. Function carbon monoxide detectors, if residence has gas HVAC, hot water or appliances
- Check fire extinguishers (are they expired? are they full?). Functional fire extinguishers placed in plain sight and/or clearly marked locations
- Perform fire drill with the residents. Fire and other emergency evacuation drills take place regularly

NARR (2,F,19.a.)

- Naloxone (Narcan) - Verification that Naloxone is accessible at each location - naloxone should be on every level of the residence and accessible (not locked up)
